## Challenge for Older Learners:

One of the indicators of being filled with the Spirit is "giving thanks always and in everything." When our lives are pretty easy, we often fail to appreciate what God has done and thus fail to thank Him. Below, list 10 things for which you are thankful. Afterward, join with your family for a few minutes of prayer and thank God for these ten things. Hang this list somewhere where you will see it everyday (bathroom mirror might be a good place). Each morning for one week, thank God for these 10 things in your private prayers.
