 - o I sing to demonstrate deep _____ to God
 - o I sing to teach my fellow _____ and be taught by them
 - o Singing is preparing me for the Day of worship at God's _____

Challenge for Older Learners:

In this lesson, we spoke of Psalms, hymns, and spiritual songs as singing in “God’s language.” What this means is that every spiritual song we sing should speak either to God or about Him. What the song says should be true to what the Bible teaches. For this week’s challenge, choose a favorite hymn that is not taken 100% from a Bible passage (Psalm 23 would be an example of singing exactly what the text says). Write down the lyrics of your selected hymn, then find one or more Bible passages that teach what the hymn is teaching. When you finish, talk to your parents or another adult Christian about what you found. Listen to the thoughts they will share with you.
